Education

- **Kamla Nehru Institute of Technology**   Sultanpur, India
  *Bachelor of Technology in **Information Technology** with an aggregate of **8.56 CGPA***   *Nov.2020 – May 2024*

- **Jawahar Navodaya Vidhayala**   Ballia, India
  *CBSE Board with an aggregate of **96** percent in **X***   *April. 2013 – May 2017*

- **Kunwar Convent Sr. Sec. School**   Ballia, India
  *CBSE Board with an aggregate of **80.4** percent in **XII***   *April. 2017 – May 2019*

Experience

Web Development Internship | Intern   *Dec. 2021 – March 2022*

◦ It is the four-month internship program by **Edureka** in which we learned about a **front-end-based site** as well as a **backend-based site**.

◦ After the completion of this program they also provide a **super intern certificate** to those interns who perform well during the entire internship program and I also got this.

◦ During this program I made several **front-end-based** sites like **Spotify-clone**.

Projects

Bellatrix | *HTML5, CSS3 , JavaScript*   [Github]
  ◦ It is our college **girl's community site** in which I am currently working to make more interactive.
  ◦ A **Responsive Progressive Web Site**(PWA)
  ◦ Features: **various coding platforms, blogs, community updates, etc.**

Movie Rating | *HTML5, CSS3, JavaScript*   [Live Link] - [Github]
  ◦ It is a cool movie rating summary site according to IMDB.
  ◦ It provides a great movie-story experience in a summary form.
  ◦ Easy to search for a movie name on the search bar.

Skills

- **Academic Coursework:** Data Structures and Algorithms, OOPs, DBMS, Computer Networks, Operating Systems.

- **Languages :** C++, C, HTML5, CSS3, JavaScript, React.js.

- **Database:** MySQL

- **Tools:** Visual Studio Code, GitHub, Netlify.

Achievements

- Obtained a super internship certificate(**top performer**) among **100** students.

- Secured **1st position** in the **tech-rise competition** which is held by our college senior. In which we have to make a group of 4 people and make a video presentation on a technical topic as we made **on Web Development**.
